About

Izuku Midoriya — often called “Deku” — is the main protagonist of the anime and manga series My Hero Academia created by Kōhei Horikoshi.

Izuku starts out as a Quirkless (powerless) boy in a world where most people have superpowers called Quirks. Despite that, he dreams of becoming a hero like his idol, All Might.

Izuku Midoriya (Deku) is a determined student at U.A. High School who was born without a Quirk but later inherits the powerful ability One For All.
He trains hard to master his growing powers while learning to fight and save others like his idol All Might.
Despite many challenges and injuries, he continues to push himself to improve.
Deku develops strong analytical skills and multiple unique abilities over time.
His ultimate goal is to become the greatest hero and protect society from villains.

Through hard work and courage, he strives to become the greatest hero like All Might.
